PUBLISHERS

AMERICAN MEDICAL ASSOCIATION

CHICAGO 10, ILL.

CONTENTS OF VOLUME 69

JANUARY 1953. NUMBER 1.

	PAGE
Mesencephalotomy in Treatment of "Intractable" Facial Pain. E. A. Spiegel, M.D., and H. T. Wycis, M.D., Philadelphia.....	1
Language Behavior in Manic Patients: A Qualitative Study. Maria Lorenz, M.D., Boston..	14
Incisural Sclerosis and Temporal Lobe Seizures Produced by Hippocampal Herniation at Birth. K. M. Earle, M.D.; M. Baldwin, M.D., and Wilder Penfield, M.D., Montreal, Canada	27
Problems in Supervision of Psychiatric Residents in Psychotherapy. Milton Rosenbaum, M.D., Cincinnati	43
Infectious Mononucleosis with Diffuse Involvement of Nervous System: Report of a Case. Captain Martin J. Freedman; Lieutenant Lawrence T. Odland, Medical Corps, United States Air Force, and Colonel Edward A. Cleve, Medical Corps, United States Army..	49
Diagnostic and Therapeutic Clues in the Study of Tetanus. Richard P. Schmidt, M.D.; Lewis L. Levy, M.D.; Richard C. Turrell, M.D.; William E. Hopkins, M.D.; Byron M. Bloor, M.D., and Ephraim Roseman, M.D., Louisville, Ky.....	55
Familial Ocular Myopathy and External Ophthalmoplegia. Ronald S. Beckett, M.D., and Martin G. Netsky, M.D., New York.....	64
Epilepsia Cursiva: Syndrome of Running Fits. George C. Sisler, M.D.; Lewis L. Levy, M.D., and Ephraim Rosenman, M.D., Louisville, Ky.....	73
Prolonged Postictal Apathy: Report of a Case. Marianne L. Simmel, Ph.D., Chicago, and K. Heinz Goldschmidt, M.D., Peoria, Ill.....	80
Effect of Dimercaprol (BAL) in Hepatolenticular Degeneration: Report of a Case with Clinical and Electroencephalographic Study. M. Streifler, M.D., M.Sc., and S. Feldman, M.D., Jerusalem, Israel.....	84
Treatment of Multiple Sclerosis with Low-Fat Diet. Roy L. Swank, M.D., Montreal, Canada	91
Histamine Therapy in Acute Ischemia of the Brain: A Report of Fifty New Cases. A. R. Furmanski, M.D., with the Clinical Collaboration of W. Eckhardt, M.D.; A. Vida, M.D.; H. Ostrander, M.D.; R. F. Biggy, M.D.; S. Bruson, M.D., and F. O. Westfall, M.D., Encino, Calif.....	104
Problems Related to Treatment of Intracranial Aneurysms by Carotid Ligation. R. R. J. Strobos, M.D., and Lester A. Mount, M.D., New York.....	118
Reluctance to Move Paralytic Muscles. Richard M. Brickner, M.D., New York.....	129
Abstracts from Current Literature.....	130
News and Comment.....	143
Books	144

FEBRUARY 1953. NUMBER 2

Quantitative Studies of Experimental Production and Treatment of Acute Closed Cerebral Injury. George M. Hass, M.D., and C. Bruce Taylor, M.D., Chicago.....	145
Amyotrophic Lateral Sclerosis: A Clinicoanatomic Study of Fifty-Three Cases. Tiffany Lawyer Jr., M.D., and Martin G. Netsky, M.D., New York.....	171
Group Therapy of Patients with Multiple Sclerosis: A Preliminary Report. Max Day, M.D.; Elvira Day, B.A., and Rosalind Herrmann, B.A., Boston.....	193
Progressive Bulbar Paralysis Showing Heredofamilial Incidence and Intellectual Impairment. E. E. Robertson, M.B.; Ch.B.; M.R.C.P., Ed.; D.P.M., Lond., Edinburgh, Scotland	197
Hemangiomas of the Pons. Karl Teilmann, MD., Aarhus, Denmark.....	208
Aggression, Guilt and Cataplexy. Max Levin, M.D., New York.....	224

FEBRUARY—Continued

	PAGE
Retraction Nystagmus and Retraction of Eyelids Due to Arteriovenous Aneurysm of Mid-brain. H. Askenasy, M.D.; H. Wijzenbeek, M.D., and E. Herzberger, M.D., Petah Tikva, Israel	236
Bilateral Encapsulated Subdural Effusion Complicating Bacterial Meningitis in Infancy: Report of a Case with Review of Literature. Joseph A. Epstein, M.D., and Sanford E. Goldzier II, M.D., New York.....	242
Society Transactions:	
Boston Society of Psychiatry and Neurology.....	250
Abstracts from Current Literature.....	257
News and Comment.....	276
Books	279

MARCH 1953. NUMBER 3

Blood Plasma in Multiple Sclerosis: Periodic Abnormalities in Pattern of Paper Chromatograms. Roy L. Swank, M.D., Montreal, Canada.....	281
Effect of Prefrontal Lobotomy on Intellectual Functioning in Chronic Schizophrenia. Pauline B. A. Struckett, M.A., London, Ont., Canada.....	293
Agenesis of the Corpus Callosum Diagnosed During Life: Review of the Literature and Presentation of Two Cases. Malcolm B. Carpenter, M.D., New York, and Commander William H. Druckemiller (MC), U. S. N.....	305
Test of "the Abstract Attitude" in Chimpanzees Following Ablation of Prefrontal Cortex. E. V. Everts, M.D., and H. W. Nissen, Ph.D., Orange Park, Fla.....	323
Poliomyelitis: VIII. Studies on Temperature Regulation. Ian A. Brown, M.D.; A. B. Baker, M.D., and Sam Cornwell, Minneapolis.....	332
Subarachnoid Injection of Alcohol in Treatment of Spasticity in Paraplegia. Stanley Stellar, M.D., New York.....	343
Relation of Social Attainment to Psychological and Adrenocortical Relations to Stress. Donald L. Gerard, M.D., Bethesda, Md., and Leslie Phillips, Ph.D., Worcester, Mass....	350
Personality Factors in Denial of Illness. Edwin A. Weinstein, M.D., and Robert L. Kahn, M.A., New York.....	355
Adrenocortical Responsivity to Electric Shock Therapy and Insulin Therapy: A Study of Fifty-Six Mentally Ill Patients in Rockland State Hospital, Orangeburg, N. Y. S. P. Alexander, M.D., and J. F. Neander, M.D., Orangeburg, N. Y.....	368
Tic Douloureux of the Chorda Tympani: Report of Cases. Samuel Rosen, M.D., New York.	375
Society Transactions:	
Boston Society of Psychiatry and Neurology.....	379
Chicago Neurological Society.....	383
New York Neurological Society and New York Academy of Medicine, Section of Neurology and Psychiatry.....	388
Philadelphia Psychiatric Society.....	400
Obituaries:	
Clarence H. Bellinger, M.D.....	403
Abstracts from Current Literature.....	404
News and Comment.....	411
Books	413

APRIL 1953. NUMBER 4

Psychotic Reactions in Problem Drinkers Treated with Disulfiram (Antabuse®). Edward A. Macklin, M.D.; Alexander Simon, M.D., and G. Hamilton Crook, Ph.D., San Francisco	415
--	-----

APRIL—Continued

	PAGE
Visual Disturbances as the Result of Nystagmus on Direct Forward Gaze: Effect of Amobarbital (Amytal*) Sodium. Morton Nathanson, M.D.; Philip S. Bergman, M.D., and Morris B. Bender, M.D., New York.....	427
Intellectual Functions in Myxedema. Ralph M. Reitan, Ph.D., Indianapolis.....	436
Symptoms and Signs Referable to the Basal Ganglia in Brain Tumor. Daniel Sciarra, M.D., and Bertram E. Sproffkin, M.D., New York.....	450
Endogenous Eosinopenia in Institutionalized Patients with Mental Deficiency. Franz Halberg, M.D., Minneapolis; Rudolf Engel, M.D., Portland, Ore.; Alan E. Treloar, Ph.D., Minneapolis, and Raymond J. Gully, M.D., Cambridge, Minn.....	462
Study of Adrenocortical Physiology in Normal and Schizophrenic Men. Hudson Hoagland, Ph.D.; Gregory Pincus, Sc.D.; Fred Elmadjian, Ph.D.; Louise Romanoff, A.B.; Harry Freeman, M.D.; Justin Hope, M.D.; James Ballan, A.B.; Austin Berkeley, Ph.D., and James Carlo, Shrewsbury, Mass.....	470
Subdural Hematoma Following Subarachnoid Hemorrhage. James Golden, M.D.; Guy L. Odom, M.D., and Barnes Woodhall, M.D., Durham, N. C.....	486
Pain from Dermal, Periosteal, and Fascial Endings and from Inflammation: Electrophysiological Study Employing Differential Nerve Blocks. William Landau, M.D., and George H. Bishop, Ph.D., St. Louis.....	490
An Extralemniscal Sensory System in the Brain. J. D. French, M.D.; M. Verzeano, M.D., and H. W. Magoun, Ph.D., Long Beach, Calif.....	505
A Neural Basis of the Anesthetic State. J. D. French, M.D.; M. Verzeano, M.D., and H. W. Magoun, Ph.D., Long Beach, Calif.....	519
Society Transactions:	
Philadelphia Neurological Society.....	530
Philadelphia Psychiatric Society.....	532
Obituaries:	
Karen Horney, M.D.....	537
Abstracts from Current Literature.....	539
News and Comment.....	548
Books.....	550

MAY 1953. NUMBER 5

Cerebral Vascular Insufficiency: An Explanation of Some Types of Localized Cerebral Encephalopathy. Eliot Corday, M.D.; Sanford F. Rothenberg, M.D., and Tracy J. Putnam, M.D., Los Angeles.....	551
Pyretotherapy in Ophthalmoplegic Migraine. J. S. Patrikios, M.D., Athens, Greece.....	571
Cutaneous Perception in the Aged. Martin A. Green, M.D., and Morris B. Bender, M.D., New York.....	577
Cerebral Localization and the Contributions of Psychosurgery and Shock Therapy. Lothar B. Kalinowsky, M.D., New York.....	582
Granulomatous Angiitis of the Meninges in Sarcoidosis. John S. Meyer, M.D.; Joseph M. Foley, M.D., and D. Campagna-Pinto, M.D., Boston.....	587
Cardiovascular Changes Associated with Electroconvulsive Therapy in Man. Marjorie L. Brown, M.S.; Paul E. Huston, M.D., Ph.D.; H. M. Hines, Ph.D., and George W. Brown, Ph.D., Iowa City.....	601
Cardiovascular Changes Associated with Electroconvulsive Shock in Monkeys: Cerebral Blood Flow, Blood Pressure, and Cardiac Rate Measurements Before, During, and After Electroconvulsive Shock. Marjorie L. Brown, M.S.; P. E. Huston, M.D., Ph.D.; H. M. Hines, Ph.D., and G. W. Brown, Ph.D., Iowa City.....	609
Incidence of Alzheimer's Disease in a Large Mental Hospital: Relation to Senile Psychosis and Psychosis with Cerebral Arteriosclerosis. Meta A. Neumann, M.S., Washington, D. C., and Robert Cohn, M.D., Bethesda, Md.....	615

MAY—Continued

Society Transactions:	PAGE
Chicago Neurological Society.....	637
Philadelphia Neurological Society.....	646
Philadelphia Neurological Society; Section of Neurology and Psychiatry of the Medical Society of the District of Columbia, and Neuropsychiatric Section of the Baltimore County Medical Association.....	650
Philadelphia Psychiatric Society.....	655
Abstracts from Current Literature.....	656
News and Comment.....	667

JUNE 1953. NUMBER 6

Roentgenological Findings in Tuberos Sclerosis: Bone Manifestations. Harry I. Berland, M.D., St. Louis.....	669
Language Behavior in Psychoneurotic Patients. Maria Lorenz, M.D., and Stanley Cobb, M.D., Boston	684
Prognosis of Neurologic Illness Following Vaccination Against Smallpox. Henry G. Miller, M.D., F.R.C.P., Newcastle upon Tyne, England.....	695
Electroencephalograms of Nonpileptic Psychotic Patients Awake and Asleep. George Lyketos, M.D.; Louis Belinson, M.D., and F. A. Gibbs, M.D., with the Technical Assistance of Anton Engel, Chicago.....	707
Psychodynamics in the Excessive Drinking of Alcohol. John W. Higgins, M.D., New Haven, Conn.	713
Effect of Mephenesin upon Anxiety. Stanley L. Block, M.D., Norfolk, Va.....	727
Xanthochromia of the Cerebrospinal Fluid: II. Preliminary Description of Several New Colored Substances. R. M. N. Crosby, M.D., Baltimore, and Glenn L. Weiland, Ph.D., Gettysburg, Pa.	732
Thiamylal in Electroconvulsive Therapy and Significance in Analysis of Seizure Mechanisms. Ralph S. Green, M.D., and Rudolf Leiser, M.D., Eloise, Mich.....	737
Electroencephalographic Findings Associated with Subdural Hematoma: Review of Forty-Five Cases. Ernst A. Rodin, M.D.; Reginald G. Bickford, M.B., and Hendrik J. Svien, M.D., Rochester, Minn.....	743
Wilson's Disease (Hepatolenticular Disease): A Family Study. Frank L. Sullivan, M.D.; Herbert L. Martin, M.D., and Fletcher McDowell, M.D., New York.....	756
Case Reports:	
Photogenic Epilepsy: Parameters of Activation: Report of a Case. C. Marshall, M.D.; A. Earl Walker, M.D., and S. Livingston, M.D., Baltimore.....	760
March of Piloerection as a Convulsive Equivalent. William M. Landau, M.D., St. Louis	766
Society Transactions:	
Chicago Neurological Society.....	769
New York Neurological Society and New York Academy of Medicine, Section of Neurology and Psychiatry.....	772
Philadelphia Neurological Society and Philadelphia Society of Anesthesiologists.....	775
Abstracts from Current Literature.....	778
News and Comment.....	790

INDEX TO VOLUME 69

The asterisk (*) preceding the page number indicates an original article. Subject entries are made for all articles. Author entries are made for original articles and society transactions. Book Reviews, Obituaries, and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O, and S, respectively.

- Abscess:** See under names of organs and regions, as Brain
- Acanthocytosis**
new hematologic-neurologic syndrome [Perlstein & Singer], 769
- Accommodation:** See Eyes, accommodation and refraction
- Acetrizoate (Urokon)**
new contrast medium, report of 100 carotid angiograms taken with, on Chamberlain's biplane stereoscopic angiographic unit [Liu & others], 651
- Acetylcholine:** See Choline and Choline Derivatives
- Acetylcholinesterase:** See Cholinesterase
- Achylia Gastrica:** See Stomach, achylia
- Acrolactamide (Themison)**
pharmacology and anticonvulsant spectrum [Marshall & others], 770
treatment of 300 epileptic patients with [Stamps & others], 771
- ACTH:** See Corticotropin
- Adams, R. D.**
Aspergillus infections of central nervous system, 251
- Adrenals**
adrenocortical physiology in normal and schizophrenic men [Hoagland & others], *170
adrenocortical reactions to stress and social attainment [Gerard & Phillips], *350
adrenocortical responsivity to electric shock therapy and insulin therapy: study of 56 mentally ill patients in Rockland State Hospital, Orangeburg, N. Y. [Alexander & Neander], *368
influence of adrenal cortex on mobilization of tissue protein [abstract], 539
- Adrenocorticotrophic Hormone:** See Corticotropin
- Age, Old:** See Old Age
- Aggression**
guilt, and cataplexy [Levin], *221
- Agranulocytosis**
recurring during phenethylnate (Thiantoin) sodium therapy [abstract], 270
- Alcohol**
subarachnoid injection in treatment of spasticity in paraplegia [Stellar], *343
- Alcoholism**
psychodynamics in excessive drinking of alcohol [Higgins], *713
psychotic reactions in problem drinkers treated with disulfiram (Antabuse) [Macklin & others], *415
- Alexander, L.**
Effect of electric shock on "normal" person under recent stress: experiment elucidating influence of electric shock on defensive operations of ego, 255
- Alexander, S. P.**
Adrenocortical responsivity to electric shock therapy and insulin therapy: study of 56 mentally ill patients in Rockland State Hospital, Orangeburg, N. Y., *368
- Allégre, G.**
Biological course of spontaneous subarachnoid hemorrhage, 647
- Alzheimer's Disease:** See Sclerosis, presenile
- American Academy for Cerebral Palsy,** 143
- American Academy of Neurology,** 412
- American Medical Association**
Section on Nervous and Mental Diseases, program of annual session, 548
- American Psychosomatic Society,** 411, 790
- Amino Acids**
conversion of glucose to amino acids by brain and liver of newborn mouse [abstract], 539
- Amobarbital:** See Barbitol and Barbitol Derivatives
- Amyotrophy:** See Sclerosis, amyotrophic lateral
- Amytal:** See Barbitol and Barbitol Derivatives
- Anesthesia**
neural basis of anesthetic state [French & others], *519
in neurosurgery [Troncello], 776
role of anesthetologist in diagnostic and therapeutic nerve block [Grove], 777
spinal, use [Eckenhoff], 775
- Aneurin:** See Thiamine
- Aneurysm**
arteriovenous, of midbrain: retraction, nystagmus and retraction of eyelids due to [Askensy & others], *236
intracranial: treatment by carotid ligation: problems [Strobus & Mount], *118
- Angitis**
granulomatous, of meninges in sarcoidosis [Meyer & others], *587
- Angiography:** See Blood Vessels, roentgenography
- cerebral:** See Brain, blood supply
- Angioreticuloma**
cerebellar [abstract], 544
- Anosognosia**
personality factors in denial of illness [Weinstein & Kahn], *355
- Antabuse:** See Disulfiram
- Anthrax**
meningitis: review of literature and report of 2 cases with autopsies [abstract], 260
- Anxiety**
effect of mephesisin upon [Block], *727
- Aphasia**
prolonged postictal: report of case [Simmel & Goldschmidt], *80
- Appointments,** 412
- Arachnoid**
cyst, benign, of posterior fossa [abstract], 544
optochiasmatic arachnoiditis with Foster Kennedy syndrome [abstract], 139
- Arachnoiditis:** See Arachnoid
- Arieff, A. J.**
Cilio-spinal reflex in injuries of cervical spinal cord in man: pathway for pupillary dilatation in man, 639
- Arnold-Chiari Malformation** [abstract], 275
- Arteries:** See also Aneurysm; Hypertension
anterior spinal, syndrome [abstract], 266
carotid: carotid-cavernous sinus fistula [abstract], 141
carotid: ligation, problems related to treatment of intracranial aneurysms by [Strobus & Mount], *118
carotid: report of 100 angiograms taken with new contrast medium acetrizoate (Urokon) on Chamberlain's biplane stereoscopic angiographic unit [Liu & others], 651
cerebral: See Brain, blood supply
- Arteriosclerosis**
arteriosclerotic heart disease, recurrent left laryngeal nerve paralysis in [abstract], 266
cerebral: relation of Alzheimer's disease to [Neumann & Cohn], *615
influence upon cerebral vessels and their reactivity [Shenkin & Novack], 648

- Askenasy, H.
Retraction nystagmus and retraction of eyelids due to arteriovenous aneurysm of midbrain. *236
- Aspergillus
infections of central nervous system [Iyer & others], 251
- Association for Research in Nervous and Mental Disease, 411
- Associations: See Societies
- Ataxia
heredoataxia with dementia, epilepsy, myoclonia, and arachnodactyly: report of case [abstract], 259
- Baker, A. B.
Poliomyelitis: studies on temperature regulation, *332
- BAL: See Dimercaprol
- Baldwin, M.
Incurable sclerosis and temporal lobe seizures produced by hippocampal herniation at birth, *27
- Ballan, J.
Study of adrenocortical physiology in normal and schizophrenic men, *470
- Barbital and Barbital Derivatives
visual disturbances as result of nystagmus on direct forward gaze: effect of amobarbital (Amytal) sodium [Nathanson & others], *427
- Bassett, R. C.
Vascular lesions of central nervous system amenable to surgical treatment, 385
- Bastron, J. A.
Thymus and its relationship to diseases of nervous system, 769
- Bauman, A.
Hepatic dysfunction in hepatolenticular degeneration, 395
- Beckett, R. S.
Familial ocular myopathy and external ophthalmoplegia, *64
- Behcet's Syndrome
involvement of nervous system in relapsing uveitis with recurrent genital and oral ulcers [Herrmann], 399
with meningoencephalitic involvement [abstract], 408
- Bellinson, L.
Electroencephalograms of nonepileptic psychotic patients awake and asleep, *707
- Bellinger, Clarence H.
obituary, 493
- Bender, M. B.
Cutaneous perception in aged, *577
Visual disturbances as result of nystagmus on direct forward gaze: effect of amobarbital (Amytal) sodium, *427
- Bennett, R. E.
Transorbital lobotomy in chronically disturbed patients, 531
- Bergman, P. S.
Visual disturbances as result of nystagmus on direct forward gaze: effect of amobarbital (Amytal) sodium, *427
- Berkeley, A.
Study of adrenocortical physiology in normal and schizophrenic men, *470
- Berland, H. I.
Roentgenological findings in tuberous sclerosis: bone manifestations, *669
- Berlin, L.
Acute respiratory failure in multiple sclerosis and its management, 394
- Bickford, R. G.
Electroencephalographic findings associated with subdural hematoma: review of 45 cases, *743
- Bishop, G. H.
Pain from dermal, periosteal, and fascial endings and from inflammation: electrophysiological study employing differential nerve blocks, *490
- Bladder
centripetal pathways from, within spinal cord [abstract], 137
- Block, S. L.
Effect of mephenesin upon anxiety, *727
- Blood: See also Eosinophiles
plasma in multiple sclerosis: periodic abnormalities in pattern of paper chromatograms [Swank], *281
potassium, elevated, as possible cause of death in hyperactive states [abstract], 781
- Blood Pressure
direct measurement of intravascular pressure in components of circle of Willis [abstract], 134
hemodynamic patterns in pressor responses to stressful life situations [Cardon], 398
high: See Hypertension
in small arteries on surface of brain [Mount & others], 773
- Blood Vessels: See also Arteries
roentgenography: report of 100 carotid angiograms taken with new contrast medium acetrizoate (Urokon) on Chamberlain's biplane stereoscopic angiographic unit [Liu & others], 651
- Bloor, B. M.
Diagnostic and therapeutic clues in study of tetanus, *55
- Boeck's Sarcoid: See Sarcoidosis
- Bones
roentgenological findings in tuberous sclerosis [Berland], *669
- BOOK REVIEWS
Illegitimate Sonnets: M. Moore, 144
Mental Deficiency: E. A. Doll, 279
Méthodes biologiques en clinique psychiatrique: J. Delay, 550
Morbus Alzheimer and Morbus Pick: Genetic, Clinical and Patho-Anatomical Study: T. Sjögren, H. Sjögren, and A. G. H. Lindgren, 144
Personality and the Frontal Lobes: Investigation of Psychological Effects of Different Types of Leucotomy: A. Petrie, 279
Treatment of Mental Disorder: L. Alexander, 413
- Boshes, L. D.
Paralysis of bulbar musculature in certain muscular diseases, 383
- Bourneville's Disease: See Sclerosis, Tuberous
- Boxing
electroencephalographic changes in professional boxers [abstract], 263
- Brain: See also Cerebellopontile Angle; Cerebellum; Corpus Callosum; Hypothalamus; Lenticular Nucleus; Meninges; Nervous System; Pons Varoli; etc.
abnormalities: hydranencephaly [abstract], 787
abscess—otogenic and rhinogenic [abstract], 661
atrophy: Pick's disease [Joseph], 637
blood supply: See also Arteriosclerosis, cerebral
blood supply: acute ischemia, histamine therapy in: report of 50 new cases [Furmanski], *104
blood supply: blood pressure in small arteries on surface [Mount & others], 773
blood supply: cerebral angiography [abstract], 783
blood supply: cerebral angiography: its value in diagnosis of various intracranial affections [abstract], 659
blood supply: cerebral revascularization by end-to-end anastomosis of jugular vein and carotid artery [abstract], 140
blood supply: clinical complications of cerebral angiography [abstract], 261
blood supply: direct measurement of intravascular pressure in components of circle of Willis [abstract], 134
blood supply: effect of intravenous papaverine hydrochloride on cerebral circulation [abstract], 257
blood supply: influence of aging, arteriosclerosis, and hypertension upon cerebral vessels and their reactivity [Shenkin & Novack], 648
blood supply: migraine headache with preheadache retinal and visual disturbances in case of congenital vascular anomaly and subarachnoid hemorrhage [Caldwell & Kennedy], 397
blood supply: vascular insufficiency, explanation of some types of localized cerebral encephalopathy [Corday & others], *551
cerebromeningeal edema due to arterial hypertension [abstract], 140
chemistry: changes in free amino acids after total hepatectomy [abstract], 778
chemistry: intracellular distribution of diphosphopyridine nucleotide-cytochrome c reductase and cytochrome c oxidase in mammalian brain [abstract], 656

- Brain—Continued**
 chemistry: localization of aneurin [thiamine] pyrophosphatase [abstract], 779
 concussion: neurophysiological studies on [abstract], 541
 diseases: See Encephalitis; etc.
 electroencephalography: See Electroencephalography
 embryology: motor responses of *Amblystoma* larvae following transplantation of primary brain segments [abstract], 132
 equation of mind with [Walshe], 381
 hemorrhage: factors influencing development of cerebral vascular accidents: role of cardiocirculatory insufficiency [abstract], 783
 hernia: intranasal encephaloceles: survey of problems, with recommendations for reducing mortality [abstract], 262
 injuries, closed, acute: quantitative studies of experimental production and treatment [Hass & Taylor], *145
 injuries: incuscular sclerosis and temporal lobe seizures produced by hippocampal herniation at birth [Earle & others], *27
 injuries: lesions of corpus Luyoli with destruction of homolateral red nucleus without hemiballismus [abstract], 259
 lesions: in congenital heart disease [abstract], 784
 localization of function: cerebri-cerebellar relationships in monkey [abstract], 133
 localization of function: contributions of psychosurgery and shock therapy [Kallnowsky], *582
 localization of function: cortical projection zone of chorda tympani nerve in cat [abstract], 541
 localization of function: effect of ablation of pre-striate cortex on auditory-visual association in monkey [abstract], 540
 localization of function: extralemniscal sensory system in brain [French & others], *565
 localization of function: neural basis of anesthetic state [French & others], *519
 localization of function: projection of cortical area to brain stem in monkey [abstract], 543
 localization of function: sites of origin of electric potentials in striate cortex [abstract], 779
 localization of function: test of "abstract attitude" in chimpanzees following ablation of prefrontal cortex [Everts & Nissen], *323
 pathology: clinical significance, histopathology and classification of cerebral swelling [abstract], 138
 pathology: focal encephalitis with pneumocephalographic findings resembling those of space-occupying lesions [abstract], 264
 pathology: significance of perceptual rivalry resulting from parietal lesion [Denny-Brown & others], 251
 pneumocephalography: treatment of postpneumocephalographic headache with β -pyridil carbinol tartrate (Koniaceol tartrate) [abstract], 787
 surgery: ablation of abnormal cortex in cerebral palsy [abstract], 661
 surgery: clinical and electroencephalographic observations following prefrontal lobotomy and topectomy in treatment of chronic psychoses [Krueger & Wayne], 393
 surgery: contributions to cerebral localization [Kallnowsky], *582
 surgery: effect of prefrontal lobotomy on intellectual functioning in chronic schizophrenia [Struckett], *293
 surgery: gastric ulcer occurring after lobotomy [abstract], 135
 surgery: hazards of lobotomy: report of 2,000 operations [Freeman], 640, 655
 surgery: mesencephalotomy in treatment of "intractable" facial pain [Spiegel & Wycis], *1
 surgery: transorbital lobotomy in chronically disturbed patients [Wilson & others], 531
 surgery: transorbital lobotomy: survey after from one to three years [abstract], 788
 surgery: trial lobotomy by prefrontal block [abstract], 139
 tumors: in children [abstract], 141
 tumors: effects of intracarotid administration of nitrogen mustard on normal brain and [abstract], 789
 tumors: postoperative seeding of subarachnoid space and ventricles from meningioma [Winkelman], 650
 tumors: symptoms and signs referable to basal ganglia [Sclarra & Sprockin], *450
 wounds, factors influencing incidence of epilepsy after [abstract], 662
 wounds of visual pathway: visual radiation [abstract], 658

Handwritten text, likely bleed-through from the reverse side of the page. The text is faint and mostly illegible due to the quality of the scan.

CONTENTS OF VOLUME 70

JULY 1953. NUMBER 1

	PAGE
Progressive Neuropathic (Peroneal) Muscular Atrophy (Charcot-Marie-Tooth Disease): Histological Findings in Muscle Biopsy Specimens in Fourteen Cases, with Notes on Clinical Diagnosis and Familial Occurrence. Alf Brodal, M.D.; Svein Boysen, M.D., and Arne G. Frøvig, M.D., Oslo, Norway.....	1
Studies on Blood-Brain Barrier with Radioactive Phosphorus: III. Embryonic Development of the Barrier. Louis Bakay, M.D., Boston.....	30
Clinical Significance of Sclerosis of the Cornu Ammonis: Ictal "Psychic Phenomena." Keiji Sano, M.D., Tokyo, Japan, and Nathan Malamud, M.D., San Francisco.....	40
Agonal Nature of the Cerebral Ring Hemorrhages. Jan Cammermeyer, M.D., Washington, D. C.	54
Neural Toxicity in Tuberculous Patients Treated with Isoniazid (Isonicotinic Acid Hydrazide). George D. Gammon, M.D.; Frank W. Burge, M.D., and Geraldine King, M.D., Philadelphia.....	64
Effect of Retrochiasmal Lesion upon Variability of the Absolute Visual Threshold. Howard P. Krieger, M.D., New York.....	70
Effects of Aging on Cerebral Circulation and Metabolism. P. Scheinberg, M.D.; I. Black- burn, M.A.; M. Rich, M.D., and M. Saslaw, M.D., Coral Gables, Fla.	77
Central Neurological Complications of Hypoparathyroidism. Oscar Sugar, M.D., Ph.D., Chicago.....	86
Society Transactions:	
Chicago Neurological Society.....	108
New York Neurological Society and New York Academy of Medicine, Section of Neurology and Psychiatry.....	111
Philadelphia Psychiatric Society.....	120
Abstracts from Current Literature.....	122

AUGUST 1953. NUMBER 2

Relation of Recovery of Sensation to Intraspinal Pathways in Injuries of the Spinal Cord. Lewis J. Pollock, M.D.; Benjamin Boshes, M.D.; Meyer Brown, M.D.; Alex J. Arieff, M.D.; Isidore Finkelman, M.D.; Herman Chor, M.D.; Norman B. Dobin, M.D.; Eli L. Tigay, M.D.; Benjamin H. Kesert, M.D.; Richard L. Crouch, M.D.; Herman Blustein, M.D.; John R. Finkle, M.D., and Stanley W. Pyzik, M.D., Chicago.....	137
Myoclonus Epilepsy as a Symptom of Diffuse Neuronal Disease. C. Wesley Watson, M.D., and D. Denny-Brown, M.D., Boston.....	151
Hereditary Ataxia: Difference Between Progeny of Male and Female Affected Members and a Definition of Certain Signs Useful in Detecting the Disease Prior to Onset of Clinical Symptoms. John W. Schut, M.D., M.S., and Jan A. Böök, M.D., Ph.D., Minneapolis.....	169
Effects of Chronic Barbiturate Intoxication on Motivation and Muscular Coordination. Harris E. Hill, Ph.D., and Richard E. Belleville, M.A., Lexington, Ky.	180
CranioPagus Parietalis: Report of a Case. E. Graeme Robertson, M.D.(Melb.), F.R.C.P., F.R.A.C.P., Melbourne, Australia.....	189
Source and Nature of Nerve Fibers in Cat Cornea. F. C. Rodger, M.D., Ch.B., D.O.M.S., Navrongo, Gold Coast, Africa.....	206
Unipolar Anodal Electrolytic Lesions in the Brain of Man and Cat: Report of Five Human Cases with Electrically Produced Bulbar or Mesencephalic Tractotomies. William H. Sweet, M.D., and Vernon H. Mark, M.D., Boston.....	224
Mobilization of Glucose by Phlorhizin in Patients with Mental Disorders. Mark D. Altschule, M.D.; Henry U. Grunebaum, M.D.; Barbara H. Parkhurst, B.S., and Elaine P. Siegel, Boston.....	235

AUGUST—Continued

	PAGE
Morphology of the Testes in Schizophrenia. Garfield Tourney, M.D., Miami, Fla.; Warren O. Nelson, Ph.D., Iowa City, and Jacques S. Gottlieb, M.D., Miami, Fla.	240
Ventricular Displacement and Electroencephalographic Focus in Multiple Sclerosis. P. A. Lindstrom, M.D., Pittsburgh.	254
Cerebral Circulation and Metabolism in Multiple Sclerosis: Correlative Observations by Electroencephalography and Psychodiagnostic Testing. Peritz Scheinberg, M.D.; L. Ione Blackburn, M.A.; Samuel C. Kaim, M.D., and Charles A. Stenger, Ph.D., Coral Gables, Fla.	260
Glutamine, Glutamic Acid, and γ -Aminobutyric Acid in Cerebrospinal Fluids. Stephan Ludewig, Ph.D., Charlottesville, Va.	268
Abstracts from Current Literature.	271
News and Comment.	276
Books.	276

SEPTEMBER 1953. NUMBER 3

Language as Expressive Behavior. Maria Lorenz, M.D., Boston.	277
Dynamics of the Cure in Psychiatry. Iago Galdston, M.D., New York.	286
Changes with Age in the Spinal Cord. Allan A. Bailey, M.D., Rochester, Minn.	299
Relation Between Personality Factors and Fatigue in Severe Poliomyelitis. Jacob H. Conn, M.D., Baltimore.	310
Anxiety and Depressive States Treated with Isonicotinyl Hydrazide (Isoniazid). Harry M. Salzer, M.D., and Max L. Lurie, M.D., Cincinnati.	317
Cerebrospinal Nematodiasis: Focal Encephalomyelomalacia of Animals Caused by Nematodes (<i>Setaria Digitata</i>): a Disease Which May Occur in Man. J. R. M. Innes, Sc.D. (Cambridge), D.Sc., Ph.D., M.R.C.V.S., F.R.S.E., Edgewood, Md., and Chusaburo Shoho, D. V. M., San Antonio, Texas.	325
Effects of Isotonic Intravenous Solutions on Normal and Increased Intracranial Pressure. Robert A. Fishman, M.D., with the Technical Assistance of Roman J. Halla, B.S., Washington, D. C.	350
Effects of Intensive Psychotherapy on Epileptic Children: Report on Three Children with Idiopathic Epilepsy. Louis A. Gottschalk, M.D., Chicago.	361
Studies in Myasthenia Gravis: Use of Edrophonium Chloride (Tensilon) in Differentiating Myasthenic from Cholinergic Weakness. Kermit E. Osserman, M.D., and Lawrence I. Kaplan, M.D., New York.	385
Evidence for Suppression from the Temporal Lobe in the Monkey. Jorge Huertas, M.D.; Desmond O'Doherty, M.D., and Francis M. Forster, M.D., Washington, D. C.	393
Angiographic Changes in Sudden and Severe Herniation of Brain Stem Through Tentorial Incisure: Report of Five Cases. John Rùshede, M.D., and Sven Ethelberg, M.D., Aarhus, Denmark.	399
News and Comment.	410
Books.	411

OCTOBER 1953. NUMBER 4

A Quantitative Test of Theory and Diagnostic Indicators of Childhood Schizophrenia. Lauretta Bender, M.D., and William H. Helme, M.A., New York.	413
Neuropsychiatric Aspects of Infantile Eczema: Special Reference to the Role of Cutaneous Pain Receptors. Maurice J. Rosenthal, M.D., Chicago.	428
Use of Electric-Convulsive Therapy in Morphine, Meperidine, and Related Alkaloid Addictions. F. B. Thigpen, M.D.; C. H. Thigpen, M.D., and H. M. Cleckley, M.D., Augusta, Ga.	452

OCTOBER—Continued

	PAGE
Prognosis in Psychiatry: Results of Psychiatric Treatment. Kenneth E. Appel, M.D.; J. Martin Myers, M.D., and Albert E. Scheffen, M.D., Philadelphia.....	459
Treatment of Epilepsy with Mysoline. Louis Greenstein, M.D., and Milton R. Sapirstein, M.D., New York.....	469
Differences Among Epileptics and Between Epileptics and Nonepileptics in Terms of Some Memory and Learning Variables. Cynthia P. Deutsch, Ph.D., New York.....	474
Essential Precautions in the Treatment of New Phenomena in Multiple Sclerosis. Richard M. Brickner, M.D., New York.....	483
Bulbar Reticular Formation and Tremor. Fritz L. Jenkner, M.D., and Arthur Ward Jr., M.D., Seattle.....	489
Role of "Body Image Concept" in Pattern of Ipsilateral Clinical Extinction. Robert Cohn, M.D., Bethesda, Md.....	503
Use of Phenacemide (Phenurohe) in Treatment of Narcolepsy and Cataplexy: A Preliminary Report. R. B. Aird, M.D.; N. S. Gordon, M.D., M.R.C.P., and H. C. Gregg, M.D., San Francisco.....	510
Electroshock and the Rat Adrenal Cortex. Jack Reed Royce, M.D., and H. Enger Rosvold, Ph.D., New Haven, Conn.....	516
Society Transactions:	
Chicago Neurological Society.....	528
New York Academy of Medicine, Section of Neurology and Psychiatry, and the New York Neurological Society.....	530
Philadelphia Neurological Society, New York Neurological Society, and New York Academy of Medicine, Section of Neurology and Psychiatry.....	537
Abstracts from Current Literature.....	544
News and Comment.....	550

NOVEMBER 1953. NUMBER 5

Studies on Headache: Long-Term Observations of the Reactivity of the Cranial Arteries in Subjects with Vascular Headache of the Migraine Type. M. Martin Tunis, M.D., and Harold G. Wolff, M.D., New York.....	551
Factors That Influence Prognosis in Acute Focal Cerebrovascular Lesions. Clark H. Millikan, M.D., and Frederick P. Moersch, M.D., Rochester, Minn.....	558
Failure of Abnormal Cerebrospinal Fluid Pressure to Influence Cerebral Function. Henry W. Ryder, M.D.; Adolf Roscnauer, M.D., Cincinnati; Lieutenant Ernest J. Penka (MC), U.S.N.; Frank F. Espey, M.D., and Joseph P. Evans, M.D., with the Technical Assistance of Doris Lamb, M.S., and Betty Wayne, B.S., Cincinnati.....	563
Some Relationships of Intelligence, Mental Efficiency, Mental Deterioration, and Disease. Morse P. Manson, Ph.D., Long Beach, Calif.....	587
Pituitary-Adrenal Cortex Reactivity in Schizophrenic Patients. William F. Fry Jr., M.D., Palo Alto, Calif.....	598
Central Inhibition in Cortical Conditioned Reflexes. Frank Morrell, M.D., and Merrill H. Ross, M.D., New York.....	611
Statistical Control Studies in Neurology: IV. Discomfort with Conjugate Gaze in Head Injuries. Nathan Savitsky, M.D., and M. J. Madonick, M.D., New York.....	617
The Ciliospinal Reflex in Injuries of the Cervical Spinal Cord in Man. Alex J. Arieff, M.D., and Stauley W. Pyzik, M.D., Chicago.....	621
Hallucinations in Braille: Effects of Amygdaloidectomy. Walter Freeman, M.D., Ph.D., and Jonathan M. Williams, M.D., Washington, D. C.....	630
Effect of Carbon Tetrachloride on the Nervous System. Harold Stevens, M.D., Ph.D., and Francis M. Forster, M.D., Washington, D. C.....	635
Factors Influencing Extensor Tonus and Respiration in Decerebrate Cats. W. D. Hagamen Jr., M.D., and R. L. Beals, A.B., New York.....	650

NOVEMBER—*Continued*

Society Transactions:	
Boston Society of Psychiatry and Neurology.....	659
New York Academy of Medicine, Section of Neurology and Psychiatry, and the New York Neurological Society.....	663
Abstracts from Current Literature.....	668
News and Comment.....	685
Books	685

DECEMBER 1953. NUMBER 6

Hippocampal Seizures and Their Propagation. J. D. Green, D.M. (Oxon.), B.M., B.Ch., and T. Shimamoto, M.D., Los Angeles.....	687
Figure-Ground Discrimination and the "Abstract Attitude" in Patients with Cerebral Neoplasms. William S. Battersby, Ph.D.; Howard P. Krieger, M.D.; Max Pollack, A.B., and Morris B. Bender, M.D., New York.....	703
Reflexes in Insulin Coma. V. A. Kral, M.D., and C. C. Smith, M.D., Montreal, Canada....	713
Aneurysm of the Posterior Communicating Artery: Report of Five Additional Cases. Leo Madow, M.D., and Bernard J. Alpers, M.D., Philadelphia.....	722
Genetic Aspects of Multiple Sclerosis. Ragnar Müller, M.D., Stockholm.....	733
Syringomyelia: A Clinicopathologic Study. Martin G. Netsky, M.D., New York.....	741
Autonomic Responses in Differential Diagnosis of Organic and Psychogenic Psychoses. William G. Reese, M.D., Little Rock, Ark.; Richard Doss, M.D., and W. Horsley Gantt, M.D., Baltimore.....	778
Cold Pressor Test in Functional Psychiatric Syndromes. Walter W. Igersheimer, M.D., New Haven, Conn.	794
Eosinophile Response in Schizophrenic Patients: Influence of the Diurnal Cycle and the Type of Schizophrenia. J. A. F. Stevenson, M.D.; E. V. Metcalfe, M.D., and G. E. Hobbs, M.D., London, Ont., Canada.....	802
Spinal Cord Compression Studies: I. Experimental Techniques to Produce Acute and Gradual Compression. I. M. Tarlov, M.D.; H. Klinger, B.A., and S. Vitale, New York	813
News and Comment.....	820

INDEX TO VOLUME 70

The asterisk (*) preceding the page number indicates an original article. Subject entries are made for all articles. Author entries are made for original articles and society transactions. Book Reviews, Obituaries, and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O, and S, respectively.

Abscess: See under names of organs and regions, as Brain

Adrenals

- electroshock and rat adrenal cortex [Royce & Rosvold], *516
- pituitary-adrenal cortex reactivity in schizophrenic patients [Fry], *598
- role of adrenal cortex in origin of psychoses [Hoagland], 534

Age: See also Old Age
changes in spinal cord with [Bailey], *299

Aird, R. B.

- Use of phenacemide (Phenurone) in treatment of narcolepsy and cataplexy: preliminary report, *510

Alcoholism

- auditory hallucinations in [Victor & Hope], 659

Allergy

- food, role in multiple sclerosis [abstract], 128

Alpers, R. J.

- Aneurysm of posterior communicating artery: report of 5 additional cases, *722

Altschule, M. D.

- Mobilization of glucose by phlorhizin in patients with mental disorders, *235

Amentia: See Mental Diseases; etc.

American Academy for Cerebral Palsy, 550

American Academy of Forensic Sciences, 550

American League Against Epilepsy, 685

American Neurological Association, 276

American Psychosomatic Society, 410

Amino Acids

- amino acid chromatography of neural tissues and fluids [Harmann], 532
- glutamine, glutamic acid, and γ -aminobutyric acid in cerebrospinal fluids [Ludewig], *268
- transamination of γ -aminobutyric acid and β -alanine in brain and liver [abstract], 123

Ammon's Horn: See Cornu Ammonis

Amygdaloid Nucleus: See under Brain

Amygdaloidectomy: See Brain, surgery

Anemia

- sickle cell and other chronic, cerebral circulation and metabolism in, with observations on effects of oxygen inhalation [abstract], 123

Anesthesia: See also Nerves, block

- spinal: neurologic manifestations following [abstract], 682
- spinal: sequels [abstract], 682

Aneurysm

- cerebral arteriovenous [Carpenter], 663
- of posterior communicating artery [Madow & Alpers], *722

Angiography

- cerebral: See Brain, blood supply

Antabuse: See Disulfiram

Anxiety

- and depressive states treated with isonicotinic hydrazide (isoniazid) [Salzer & Lurie], *317

Aphasia

- without hemiplegia: etiological survey of cases [Gillman & Szancer], 667

Apoplexy: See Brain, hemorrhage

Appel, K. E.

- Prognosis in psychiatry: results of psychiatric treatment, *459

Appointments

Wartenberg, Robert, 410

Arieff, A. J.

- Ciliospinal reflex in injuries of cervical spinal cord in man, *621
- Relation of recovery of sensation to intraspinal pathways in injuries of spinal cord, *137

Arnold, A.

- Betatron and its applications to therapy in brain tumors, 529

Arteries: See also Aneurysm; Blood Vessels

- carotid, internal, spontaneous occlusion [Feiring], 541
- carotid, internal, thrombosis, frontal lobe syndrome in [Negrin], 530
- cerebral: See Brain, blood supply
- communicating, posterior: aneurysm of [Madow & Alpers], *722
- cranial, long-term observation of reactivity in subjects with vascular headache of migraine type [Tunis & Wolff], *551
- spasm [abstract], 676

Arteritis

- cranial [abstract], 671

Associations: See Societies

Asterol

- neurotoxic symptoms following use [abstracts], 679

Astrocytoma

- of pons with long survival and ultimate ventriculomastoidectomy [abstract], 129

Ataxia

- hereditary: difference between progeny of male and female affected members and definition of certain signs useful in detecting disease prior to onset of clinical symptoms [Schut & Book], *169
- Atrophy: See also under names of diseases, organs, and regions
- muscular: progressive neuropathic (peroneal) (Charcot-Marie-Tooth disease): histological findings in muscle biopsy specimens in 14 cases, with notes on clinical diagnosis and familial occurrence [Brodal & others], *1

Bailey, A. A.

- Changes with age in spinal cord, *299

Bailey, P.

- Betatron and its applications to therapy in brain tumors, 529

Bakay, L.

- Studies on blood-brain barrier with radioactive phosphorus: embryonic development of barrier, *30

Barbital and Barbital Derivatives

- effects of chronic barbiturate intoxication on motivation and muscular coordination [Hill & Belleville], *180

Barré-Liéou Syndrome: See under Spinal Cord

Battersby, W. S.

- Figure-ground discrimination and "abstract attitude" in patients with cerebral neoplasms, *703

Beals, R. L.

- Factors influencing extensor tonus and respiration in decerebrate cats, *650

Bell's Palsy: See Paralysis, facial

Belleville, R. E.

- Effects of chronic barbiturate intoxication on motivation and muscular coordination, *180

Bender, L.

- Nonpsychogenic origins of Psychoses: evidences from studies of childhood schizophrenia, 535
- Quantitative test of theory and diagnostic indicators of childhood schizophrenia, *413

Bender, M. B.

- Figure-ground discrimination and "abstract attitude" in patients with cerebral neoplasms, *703

- Berlin, L.
Significance of development of grand mal seizures after age 35, 113
- Betaïne
and glycoamine therapy for chronic residuals of poliomyelitis [abstract], 134
- Betatron: See X-Rays
- Birth Injury
to brachial plexus: associated movements between limb and respiratory muscles as sequel [abstract], 668
- Blackburn, L. I.
Cerebral circulation and metabolism in multiple sclerosis: correlative observations by electroencephalography and psychodiagnostic testing, *260
Effects of aging on cerebral circulation and metabolism, *77
- Blindness
hallucinations in braille: effects of amygdalotomy [Freeman & Williams], *630
word: See Aphasia
- Blood-Brain Barrier
studies with radioactive phosphorus: embryonic development of barrier [Bakay], *30
- Blood Vessels
cerebrospinal, occlusion: Ménière's syndrome as premonitory symptom [abstract], 125
- Blustein, H.
Relation of recovery of sensation to intraspinal pathways in injuries of spinal cord, *137
- Body Image
role of "body image concept" in pattern of ipsilateral clinical extinction [Cohn], *503
- Book, J. A.
Hereditary ataxia: difference between progeny of male and female affected members and definition of certain signs useful in detecting disease prior to onset of clinical symptoms, *169
- Böyesen, S.
Progressive neuropathic (peroneal) muscular atrophy (Charcot-Marie-Tooth disease): histological findings in muscle biopsy specimens in 14 cases, with notes on clinical diagnosis and familial occurrence, *1
- Bones
neuroblastoma with skeletal metastases and apparent recovery [abstract], 126
- BOOK REVIEWS
Cerebral Changes Following Electrically Induced Convulsions: Experimental Study on Cats: H. Hartelius, 685
Désorganisation de la personnalité: H. Baruk, 411
Diseases of Muscle: A Study in Pathology: R. D. Adams and others, 411
Hemifacial Spasm: R. Wartenberg, 276
Living Brain: W. G. Walter, 686
Parkinson's Disease and Its Surgical Treatment: L. G. Oliver, 686
- Bosches, B.
Relation of recovery of sensation to intraspinal pathways in injuries of spinal cord, *137
- Brain: See also Cornu Ammonis; Hypothalamus; Lenticular Nucleus; Meninges; Nervous System; Pons Varolii
abscess, old: recurrence of symptoms after 12 years [abstract], 680
blood supply: See also Aneurysm
blood supply: anatomical study of arteries of brain stem [Kaplan & Browder], 542
blood supply: cerebral angiography in diagnosis of subdural hematoma [abstract], 128
blood supply: cerebral circulation and metabolism in multiple sclerosis: correlative observations by electroencephalography and psychodiagnostic testing [Scheinberg & others], *260
blood supply: cerebral circulation and metabolism in sickle cell and other chronic anemias, with observations on effect of oxygen inhalation [abstract], 123
blood supply: effects of aging on cerebral circulation and metabolism [Scheinberg & others], *77
bulbar reticular formation and tremor [Jenkner & Ward], *489
central inhibition in cortical conditioned reflexes [Morrell & Ross], *611
disease: See also Encephalomyeloma
disease: acute demyelinating leucoencephalopathy [Luhon & Manfredi], 528
- Brain—Continued
electrosurgery: unipolar anodal electrolytic lesions in brain of man and cat: report of 5 human cases with electrically produced bulbar or mesencephalic tractotomies [Sweet & Mark], *221
ependymoma of lateral ventricle: case of more than 12 years' survival [abstract], 548
frontal lobe syndrome in thrombosis of internal carotid artery [Negrin], 530
function, failure of abnormal cerebrospinal fluid pressure to influence [Ryder & others], *563
hemorrhage: See also Meninges, hemorrhage
hemorrhage: agonal nature of cerebral ring hemorrhages [Cannemeyer], *51
hemorrhage: factors that influence prognosis in acute focal cerebrovascular lesions [Millikan & Moersch], *558
hernia: angiographic changes in sudden and severe herniation of brain stem through tentorial incisura: report of 5 cases [Riishede & Ethelberg], *399
injuries: ataxia-opticokinetic nystagmus test in craniocerebral trauma [abstract], 671
injuries: dysphasia in left-handed patients with unilateral brain lesions [abstract], 132
injuries: traumatic brain-stem thrombosis [abstract], 127
localization of function: area essential to consciousness [abstract], 271
localization of function: evidence for suppression from temporal lobe in monkey [Huertas & others], *393
localization of function: existence of suppressor mechanism, area 48, in unanesthetized human subject [Meyers & others], 108
localization of function: food intake and spontaneous activity of rats with lesions in amygdaloid nuclei [abstract], 121
localization of function: hippocampal seizures and their propagation [Green & Shimamoto], *687
second-day pneumoencephalography [abstract], 274
surgery: effects of amygdalotomy on hallucinations in braille [Freeman & Williams], *630
surgery: orbitofrontal lobotomy [abstract], 673
surgery: partial removal of postcentral gyrus for pain [abstract], 136
surgery: procaine block of frontal lobe white fibers as means of predicting effect of prefrontal lobotomy: clinical evaluation [abstract], 271
surgery: sexual behavior after lobotomy [abstract], 546
surgery: subcortical parietal lobotomy for relief of phantom-limb syndrome in upper extremity [Pool & Bridges], 542
transamination of γ -aminobutyric acid and β -alanine in [abstract], 123
tumors: betatron and its application to therapy [Arnold & others], 529
tumors: figure-ground discrimination and "abstract attitude" in patients with cerebral neoplasms [Battersby & others], *703
tumors: Korsakoff's psychosis associated with [abstract], 125
tumors: Parkinsonism and [Margulies], 112
tumors: stimulating meningitis [abstract], 675
ventricular displacement and electroencephalographic focus in multiple sclerosis [Lindstrom], *254
wounds of visual pathway: striate cortex [abstract], 130
- Brickner, R. M.
Essential precautions in treatment of new phenomena in multiple sclerosis, *483
